Coming Events

The attraction of the Memorial Hall on Wednesday evening will be Gloria Swanson, starting in *Editor Dill*. Her picture is "The Great Moment". Her picture is "The Great Moment". Her picture is "The Great Moment".

REV. W. E. GALLOWAY
IN THE UNION CHURCH

On account of necessary relocations of his class, Rev. W. E. Galloway, D.D., will be at the Union Church, in the morning he gave a very interesting and instructive address to the young people. It was replete with illustrations and quotations that appealed strongly to the young people. In the afternoon he gave a most interesting and instructive address to the young people. It was replete with illustrations and quotations that appealed strongly to the young people.

WOMAN'S RULE

A historical story that women ruled the world 500 years before the birth of Christ. This also has been ruled 1921 years since. —Charlotte Gorton

Little Talks To Local Businesses

No. 2

Men who know their business say that the amount spent on advertising by the average business man should be at least four per cent. of gross sales.

In mail order business the advertising cost is much higher, from 10 to 20 per cent. for mail order business is entirely dependent upon advertising.

Four per cent. is a good rule for any merchant to follow. His yearly appropriation should not be less than this. To keep in touch with the public is a necessity for the business man. The newspaper is the greatest connecting link.

Note in the daily papers the testimonials from firms that you know are successful firms, as to the value of newspaper advertising.

The Standard

NAMAKA NEWS

A farewell party was held in the L.O.O.P. hall on Saturday the 22nd. The guests of the evening were Mr. and Mrs. Chris McLean. It was not so well attended as it might have been; the weather and road being very bad, keeping quite a number who would have otherwise been present. Mrs. McLean, who was seated next to the door, was very successful in her new venture, which was the L.O.O.P. hall.

There are a few faded cases where they have commenced work on the land, but nothing will be general in this district this week.

A meeting of the P.F.A. will be held in the L.O.O.P. hall May 5th.

Miss Edna Laidlaw spent last week in Strathmore as the guest of her sister.

A social church service was held on Sunday last, conducted by the Rev. W. E. Galloway, who gave an interesting address on the work of the R.E.C.A., which was much appreciated by all present. There were present the largest congregation there has been for some time and we hope everyone present on Sunday will continue to be regular attendees and bring more friends along with them.

At a special attraction several friends from Strathmore gave vocal selections which were quite a treat. The pleasant and enjoyable service from this first-class music was highly commended on by all the congregation.

WHAT'S THE MATTER WITH ROSEN RYE

Last year Rosen Rye was hoisted to the skies as the rye of Southern Alberta. A big farm raised thousands of bushels and advertised it throughout the length and breadth of the land as the latest and best rye on the market. This spring the farmers who planted Rosen rye find that winter killed. Other varieties of rye have come through in good shape and promise an excellent crop. Those who thought Rosen rye on the strength of its broad-based advertisement and recommendations feel a bit low. Those who inspired the "fool" for this rye should be made to explain the cause of the falling down of this seed. Very high prices were paid for this variety last year and some of the purchasers now feel that they were the victims of something like a "gold fever" case—Bassano Mail.

CRAGINTLER NEWS

Seedling trials in this district on Tuesday, April 25th, last, held by general H.B. May.

The roads are drying up fast so that traffic will be general by the first of May.

Mr. J. M. Stowery, of Calgary, is in contact with his daughter Mrs. H. H. Stowery.

John Stowery is to move his home to Strathmore in the fall.

Newton Hughes, late of Cragintler and of Strathmore, has started a house in Calgary and will be in the city to travel for electrical supplies.

We believe by the accounts of the Teachers' Annual Convention in Calgary that it was a great success. It is too bad that Cragintler teachers missed it, because there is always something new in education, and our children need the benefit of same.

Whitlock, Man.—More than \$7,000,000 has been loaned to Manitoba farmers by the Manitoba Farm Loans

Seeding In Full Swing Baseball Club

Since last Wednesday seeding throughout most of the district has been in full swing. Owing to the variation in the combination of seed in various sections farmers around Carleton and Cheadale main by did not get going strong until the beginning of this week, but now and just about forty per cent. of the wheat is now in the ground. Grains have been remarkably rapid. Wheat seeded last Tuesday four miles northeast of Strathmore was above the ground on Monday. In deposit the land is still wet, but it should all be fit for seeding by today.

It is expected that the acreage in crop will be considerably higher this year than last. The big bell shown during August of last year, while it destroyed a large percentage of the crop north of Carleton, south of the line, the farmers a chance of getting on their land last fall, in first-class shape for a good crop.

A heavy rain storm broke over the district on Tuesday forenoon, and this probably held up seeding for another day.

Those who have the advantage of irrigation are mainly taking no chance on the matter and have been able to shape to irrigate unless the rain fall is exceptionally heavy.

The C.P.R. Irrigation Department have most of their range on the line and are getting their surveys into shape for the season's work. The application for maintenance and operation this year is well understood, in the neighborhood of \$450,000 in the Western Section of the irrigation block. During the winter the Company have had men at work on the dam at Cheeseman Lake, and that reservoir will hold a very large amount of storage this year than ever before.

IRRICANA NEWS

Owing to the favorable weather conditions much seeding has been done by the farmers about this village.

The harvest elevator is closing down for some time.

Miss M. Kornick, who spent a few days in the village after attending the teachers' convention, has returned to her home.

On Tuesday evening last, Mr. Mackenzie, who lives on an irrigated farm, was thrown from a horse, fortunately also escaped with only a few cuts about the head and a sprained ankle. Mr. Tom Garret's horse was diving, was also thrown but was not hurt.

Mr. Towler, Presbyterian minister, held church service for the first time in Irricana last Sunday afternoon. Services also held by the United Brethren in the evening. Both services were well attended.

Mr. Towler announced that next month the services would be held at the usual hour.

A number of the men of this neighborhood were locally held in the night for confounding property of the C.P.R. It is hoped that this will prove a warning to others, and a lesson to the unrepentant.

A few profitable assistance and up to Sunday school workers of Strathmore were given when W. B. Galloway, B.A., General Secretary of Education, Education of Alberta and British Columbia, directed discussion about lines of the various phases and problems of Sunday school teachers.

The meeting was held in the Union church, and a very helpful display of charts, cards and books was shown. The men of the church these provided means and suggestions to enable teachers make a better record of their work.

Board since it was instituted in 1917. The Board is reported to be assisting another loan of \$10,000,000, to be distributed to farmers under the provisions of the farm loans scheme.

Reorganizes

Season Opens May 24th

A meeting of some of those interested in the C.P.R. Irrigation Department, at any rate interested in the extent of attending members of the organization, took place on Monday, May 24th, at the C.P.R. Irrigation Department, at any rate interested in the extent of attending members of the organization, took place on Monday, May 24th, at the C.P.R. Irrigation Department.

As a result Strathmore is to have a summer season, organization this summer, and there is the likelihood of a first-class team from among the local boys.

The season is to be opened on May 24th. Negotiations are under way for a couple of games with a Calgary team to play the locals.

The financial report of last year's club was presented by Mr. W. P. Rawlings, and showed that a deficit of \$1,222 of 1920 had been paid last year, so that this was considered a very satisfactory showing, and a vote of thanks was given to Secretary Rawlings for his report.

Executive for 1922

Officers for 1922 were elected as follows:

President—L. B. O. Lofgren.
Vice-President—W. C. Brown.
Secretary—Harry Baker.
Manager—W. Gray.

Executive—Messrs. Brown, President, Thompson, P. K. Miller, and A. E. Poir.

Team To Hold Equipment In Trust

Considerable trouble and expense has been caused in the past by equipment being held in trust, while some of the equipment is being used in other ways, and to obviate this it was suggested that the team be asked to designate the storage of the equipment, etc., while not in use. This has been done in other towns, and has worked satisfactorily, the position of the town secretary being permanent, while some of the organizations are of somewhat of a transitory nature. Mr. John Mackenzie was delegated to put the proposition to the committee.

Details of games, etc., were left to the executive. If possible, the price of admission to the games will be reduced this season, in view of the financial situation.

All that is needed now is for the players to be organized, and to be behind the team with their attendance and support, and Strathmore can have as good a team this year as ever had.

RAILWAY AND STEAMSHIP CONNECTIONS

Whitlock.—A guaranteed connection between trains and steamships bound for Europe has been announced this week by the Canadian Pacific Railway officials at Montreal, under the new arrangement, this guarantee of connection with steamships is extended to include travel to travellers from points further west.

If any of the trains bearing steamship passengers are delayed in arriving at Montreal, the steamship will be held for them. If by doing so the passenger can embark at that point. If the delay is long, the steamship will proceed to Quebec and there will await the delayed passengers. Transportation will be arranged from Montreal to Quebec on passengers booked in and from Montreal.

Company officials announced further that when a passenger book a train on the Canadian Pacific that it is due to connect with a steamship at Montreal, the passenger is stepping on the same plan.

Strathmore Women's Institute held a very enjoyable checkers drive in the Oddfellows' Hall on Monday evening. Though there was not a very large attendance, yet everyone entered fully into the spirit of the evening. Songs were rendered during the course of the evening by various local artists, and all acquitted themselves very creditably.

Plant Trees This Spring Keoma Council Meeting

Fine Opportunity Offered

One of the best ways to increase the value of a farm or a home is to plant trees around it. The number of trees in the vicinity of the country has been increasing rapidly in the past few years. Ten years ago there was in this town fifteen miles of Strathmore now there are numerous well-grown farmsteads, and good work has been done in the town of Strathmore and its environs by the C.P.R. train, and various private home holders.

At the same time, there are many farms and numerous town houses, with not a tree on the premises.

Trees have many advantages on farms. They provide excellent wind breaks, and give an opportunity of growing many small fruits that otherwise would be found impossible to cultivate. The farm of Mr. Alfred Johnson, two miles east of Strathmore, is probably one of the best examples of what can be done in the way of an intelligent system of tree planting. He has been able to produce, plums, strawberries, and other fruits.

Trees benefit by irrigation, but they are grown successfully on dry land as well, and give a number of dry land farmers a good example.

Recognizing the advantages of tree cultivation, the local C.P.R. Department have been keen in tree planting, and this spring they are making a special effort of trees at a nominal price.

They have about 11,000 trees for distribution in this area, and those will be given out next Monday to homestead settlers in this district, the price being \$1.00 for each 2m tree. There is no limit to the amount that any one individual can take, as long as he can use them.

Distribution will be made from the C.P.R. Demonstration Farm. Details will be found in our advertising columns.

CARLETON NEWS

The three teachers to make school started their Easter holidays in Calgary.

The Kennedy boys started seeding on the 20th.

Old Baker and Elmer Lawson, who have been ill for some time, are now feeling better and able to be around.

Mr. Ben Reid has been confined to the house for some time since his return from the States.

The temper in the district have been busy poisoning aphids. Good for the farmers, poor for the aphids.

The manager of the baseball team, who has been thinking up plans for the team, is going to get them into shape as soon as the weather clears up.

The wild ducks and geese are showing up. A good sign of spring.

The many friends of Mrs. M. M. King are very glad to hear that she is improving in health.

OVERDUE SUBSCRIPTIONS

Last issue we sent reminders to those whose subscriptions were in arrears. Some have responded and some have not. The amount of the yearly subscription is small, and for that reason we are not making any more reminders, but we are sure that our readers will not forget to pay their subscriptions.

If for any reason you are unable to pay your subscription, we would appreciate your advising us to that effect.

Mr. W. C. Tucker left for Calgary on Monday and will be away for several weeks.

The council meeting of M. D. Keoma was held on Saturday, April 22nd, when the following members were present: Rev. S. Smith and Messrs. McLean, Irving, Powers and Doolin.

A sum of seventy-two dollars was granted to the Holy Cross hospital on account of patients from the Municipality.

Two applicants were present requesting seed grain, but after consideration the council agreed to give by their former motion as not stay any grain this season.

The problem of the grasshopper menace was discussed, and letters were on hand from the Department and the School of Agriculture pleading their cooperation and help at half the cost. It was agreed that the district proceed across the season that two others for the bait should be purchased and stationed at Irricana and the other at Nakama. It is compulsory this year that all should poison the grasshoppers.

The matter of closing the schools was discussed and reports showed that some of the schools had responded fully well to appeal for school taxes while others were still paying practically no heed to the appeal, and the schools were setting in worse financial condition. It was agreed that the schools be requested to respond and unless they file a protest the Sec. Treas. is instructed to make general requisition for school taxes in those districts a case could not want to see any school close. This action will be instituted immediately.

The Strathmore with the Standard was notified for another year.

A Miss Pratt was to hand showing the location of the townsite of Prince Albert in this district, a resolution favoring same, as submitted by the C.N.R.

It was agreed to have a brand registered for branding animals sold at pound sales; it to be on both horses and cattle on the right neck.

A resolution was passed favoring the work of the Air Board at High River; it being understood that the Government was thinking of removing this station.

The department have finally submitted a solution showing the route of the main highway to Drumheller via Irricana; and a resolution was passed requesting that they consider same this year through our district.

In connection with the Bertram claim for damages by stock, it was agreed that Mr. Powers should act for the district to arbitrate the matter on a basis of three, Mr. Bertram to select one and the men chosen to select one and they to choose a third.

The proper respective authorities were ordered to create the bridges known as the Mard bridge and the bridge one mile east of Ardencote.

The matter of the payment of land taken from Mr. Jones's property at Ardencote by across the location was to be referred to the C.N.R. again for further consideration.

In order to curtail expenses as much as possible no weed inspector will be appointed this year; the committee of each division will look after its own division.

Mr. Fox-Nathaniel, of the C.P.R. Staff, who has been ill in Calgary for the past two weeks and was in the Holy Cross Hospital for several days, is now back to Strathmore, fully recovered.

Mr. T. H. Eves, who has been some what under the weather for several months, is now feeling in direct shape.

We had the pleasure of hearing last week, from a former member of the local C.P.R. staff who visited from here in 1911, and from whom word had been received since that time. It had been presumed that the many other of the boys who enlisted he had "gone west." We would like to hear from him again that he was well and was spending a well earned holiday visiting the various towns in the West. The reason for his long term of service in the army was that he had been transferred to India, and was only discharged a few weeks ago. He expects to come out to Alberta later on this summer.

Mr. J. M. F. Weir has left for Edmonton to take a position with McLaughlin Motors.

Magnus Nelson, of Standard, was fined \$20 and costs for a breach of the liquor act. The trial was conducted before Magistrate Bond, at Bassano, Constable Walker, of Clithero, prosecuting. The charge was "illegally keeping liquor for sale." Decision was given April 26th.

Local athletes gain by the arrival here with his parents last week of young Mr. Turley, who is a hockey player of some repute having been with the Calgary Capitals last season.

Mr. and Mrs. Darby, who opened up their baking business here last week are having good success already, sales having been better than expected, and customers well satisfied. It is always a good thing to support home industries.

The Imperial Oil tanks and motor trucks have been having their annual overhaul by the firm's own mechanics. With the present price of gasoline and the taxes on it it must pay to avoid leaks. If it goes any higher every drop will count.

The trees in the park have been recently pruned, and this should aid considerably in the appearance of the park this summer.

Getters have been out on the local lake in big numbers since the weather opened up. Many of our town people have been bitten by the good bug this spring.

If no valid objection is raised, the early closing bylaw will come into effect this month, the first day commencing with the Empire day holiday May 20th.

Mrs. W. L. Tibbets, Calgary, is visiting with Mrs. A. C. Success this week.

Mr. Jacob Janssens' (refrigeratory and ice-cream parlor, situated on the ground floor of the Opera House, opened on Monday. Mr. Janssens has gone to much expense in fitting the rooms up, and a tastefully decorated and well-fitted establishment is the result. Mr. Janssens also intends serving meals.

Archie has undergone a considerable transformation in the past few days, the general store, which formed the principal building on the town site, having been moved from the north to the south side of the track. It is now situated at the point where the highway crosses the railroad. Mr. Sharnan wishes to extend thanks to the neighbors who so willingly assisted him in moving the buildings into its new site.

A son was born to Mr. and Mrs. Harry Akerman on Sunday morning. Both are doing well.

The town policeman suggests that autos and other wheeled traffic observe "keep to the right" rule, especially when passing the silent policeman at the corner of Second Street and Second Avenue.

Consistent Hale, A.P.H., had a number of autos summoned on Saturday for driving cars without 1922 licenses, also for various other infractions of the Motor Vehicle Ordinance. Those affected came before Justice of the Peace Lambert on Monday afternoon, and were fined various amounts. Motorists will have to look to the various details of their cars, such as headlights, etc., as the Provincial Police have received instructions to enforce the law, and also section dealing with speed within incorporated towns and villages.

The people of Nakama wish to express through our columns their thanks to the Union Church choir for their excellent rendering of the Easter Cantata at Nakama on Sunday.

Mrs. M. B. Burris, Calgary, visited with Mrs. J. Mackenzie during the week-end.

Mr. E. Deboni since opening his new ice-cream and confectionery, particularly several weeks ago, has met with much success, and with the advent of good weather, is now doing a fine business. Last week he installed a new fountain, and is also continuing with other improvements.

RED CROSS NOTES

How the eleven year old president of a rural branch of the Red Cross Junior made money came to the fore in his unit's quota towards the new children's hospital, which is being opened in Calgary, by the sale of four shanks, is the story which Miss Jessie Church, superintendent of the Junior branch, recently told the teachers' convention.

There were five members in the Junior branch, and the president had determined that they should be among the first twenty-five units to reach their quota of fifty per capita for the new hospital, thus qualifying for the bronze medal offered by the League of Governors. Unable to raise the money in any other way, he went out and killed four shanks, skinned them and offered them for sale to the further in his town. He was only offered \$2.50, which was not enough to reach the unit's quota; so he packed up the skins and sent them to Miss Church at the headquarters in Calgary. She disposed of them to a Calgary dealer for \$5.00 and placed this sum in the credit of the branch. They were then ready to receive the medal.

The president wrote a businesslike letter to Miss Church when he was informed of the sale. He concluded with the statement, "Four shanks—dead and skinned."

Land For Sale

Large acreage, comprising about the N. 1/4, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000

Successful Play**

Strathmore Amateurs produced, on Thursday of last week, the well-known play, "Civil Service." This is the second time this play has been given at the Strathmore Memorial Hall, but nevertheless the public turned out in large numbers.

An enjoyable dance followed the performance, music being supplied by Hirtle's orchestra.

On Monday evening the amateurs journeyed to Kamour, where an agreeable audience witnessed the production.

The play was very creditably given, at least, those who are not in the habit of seeing very heavy comedies. As compared with the previous production some of the parts were changed, owing to several who appeared last year having left the district. The following comprised the company: Messrs A. James, E. Pope and E. Pope; Misses H. Van Buren, L. B. G. Loomis, C. S. N. Latt, G. H. Vignier, H. Baker and W. Gray. During an interval in the programme, two of Strathmore's juvenile artists, Misses Clara and Marie, rendered a song in a nice fashion, while Master Frederick Hirtle showed that he was following in father's footsteps by giving a fine cornet solo.

CREAM GRADING

A circular is being issued from the office of the Publicity Commission setting forth an explanation of the new system of cream grading and the elimination of the cream buying system, and the objects of this legislation.

Halifax, N.S.—A total of 512 settlers came to this province last year, bringing with them a capital of \$151,054, according to a statement by Premier Murray in the Provincial Legislature. Of this number 151 were farmers or farmers, who planned to buy farms in the province in the near future after working for a while on the land.

RNAITH & GARDNER

How's Business?

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Womamaker, the Prince of Merchants, began business, he resolved to face matters. He was not content to wait to be found out. He was determined to be found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have a higher price.

Shops which are illuminated by advertising court with full confidence your favor.

Strathmore, Alberta, May 3, 1922

THE FARMER'S INTEREST IN ALBERTA FOREST PATROL

Forest Patrol in Southern Alberta is of greater importance than the patrol of most forest areas. The subject is not principally of timber but the preservation of our agricultural industry.

First, because the loss of these forests would make our climate drier.

Second, because the loss of these forests would greatly reduce the waters available for irrigation.

Our climate, until recent dry years, was one ideal for grain crops. We had plenty of rain in May and June, dry weather in August, September and October. Scientists tell us rain is produced by the churning of air compelling it to give up the moisture it could hold at a higher temperature.

Spring rains, when we get them, are produced by the condensation of the moisture in the air blown against the snows of the mountains by east and north winds. When these winds prevail the chilled air spreads back further east and the rain covers a greater area.

The snow preserved from rapid melting by the forests is our condenser. Remove the forests and the snows go out in April; remove the condenser and our rains cease.

Irrigation will be developed within the next twenty years in the limit of available water. Already systems are in use which shade on the storage of flood waters. Remove the forests from our water sheds, and not only will the snows be diminished by the mild spells of winter, but the spring melting will be much more rapid, our water will go over the dams instead of into the reservoirs, and the water for irrigation be inadequate. Our springs and underground water supplies all depend on the waters conserved by these forest areas.

Owing to the dryness and strong winds of Alberta's climate fires are a greater than usual menace to our forests. About one-third of the area has already been burned.

Owing to the mountainous nature of the forest area of Southern Alberta forest fires to be effective would be extremely expensive. Fires might originate within a mile of a ranch and never be discovered till they were beyond control.

The record of the air patrol during the last two years speaks for itself in regard to how effective it has been.

In 1920 the station was started at Morley and for two months the Bow River Forest Reserve was patrolled as far north as the Clear Water River. About 10,000 square miles were observed daily and the average distance of flight each day was about three hundred miles. Probably largely due to the moral effect of the patrol upon campers and others, no fires broke out within the reserve, though several were reported outside the reserve and several occurred in the Crown Nest Reserve which was not patrolled that year.

The patrol will now be assisted by the radio phone instead of by wireless telegraph, making it possible to use one-man planes at considerably less expense and risk, and also making it possible to have rangers posted long distances from the commercial telephone, where, by furnishing them with a small receiving set and by their being in attendance at fixed hours during the day, any fire in the neighborhood can be reported direct from the Air Station.

Edmonton, Alta.—Little work was accomplished during the winter at the Fort Norman oil fields by the men left at the drills owing to the extreme weather and the solid frozen ground, according to an engineer of the Imperial Oil Company just arrived from the northern fields. He stated that there was no change in the condition of the discovery well. He made the 1,200 miles from Fort Norman to Fort McMurray by dog team, relays of fresh dogs being secured at each post.

A Cheerful Prophet

The following weather prophecy comes from Vulcan, Alberta, and contains our office in the form of a communication. My kitchen, the forecast, is in no doubt as to the kind of weather we are going to have this winter and it is to be hoped that it is right regarding the drought. If anything he goes to the other extreme.

The predictions of weather prophets have not proved at all reliable in the past, especially the long range ones. Mr. Rochon prophesies a big storm about the 1st of May, and it looks by the weather at the time of writing, (2nd) that he may be good on it. Here is the prophecy.

Weather Report from R. P. Rochon, Main Street, Vulcan, Alta.

I told you, through the courtesy of the Calgary Herald, on March 28th, that there will be no drought in any part of Canada this year, and I repeat the statement that there will not be one dry spot in all Canada. Montana and North Dakota during the year 1922. We will have a bad three day storm in Alberta, starting about the 1st of May, and will probably penetrate through to Saskatchewan and northwest Montana. Three or four days very dry weather will follow the storm. We will have an abundance of rain at least in the four western provinces, Montana and North Dakota, during the months of May, June and July.

All the rivers running east from the Rocky Mountains will overflow their banks during the month of June and will cause some damage in the provinces of Alberta.

Time To Clean Up

Spring cleaning is in the air. The clean up should apply with as much force to backyards, streets, etc., as to the homes of the people themselves. Disease lurks in the piles of rubbish accumulated during the winter, if they are not cleaned up in the spring. An ounce of prevention is worth a pound of cure.

Strathmore has not yet set a general cleanup date, as the town is fixing a new dump ground, and the decision as to the site is being made this week. meantime all rubbish should be raked up and placed in piles convenient for removal.

The Mayor of Bassano has good advice in last issue of the "Standard" in the citizens of that town, in announcing a general cleanup day. That advice is equally applicable here and it reads as follows:

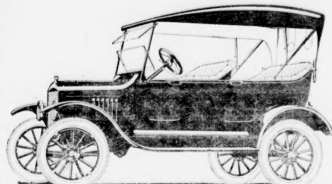

PROCLAMATION

Clean Up, Paint Up! Hear This Ye People! Think! Act!

Come, let's put things in order. Our town can and should be made as clean and orderly as its cleanest homes. Then we will have a safe, happier, healthful town. Ambition in its highest conception is to dream big dreams and make them come true. The splendid ambition to have a town clean and beautiful is soon to become a reality by the co-operation of all the people. Away with the rubbish piles! Banish the plague spots! Clean up the alleys! Repair and paint every building that needs it.

We need this thorough cleaning and renovating. It is the surest thing to do for the health, safety, thrift and happiness of our people. It is everybody's job. Every man, woman and child will be expected to help. Let there be no slackers.

Ottawa, Ont.—More than fifty-one hundred passengers were carried on Canadian railways in 1921 and there were only 1 killed and 146 injured, according to statistics of the Board of Railway Commissioners. Of a total of 125,177 employees engaged in railway work during the period 91 were killed and 1,211 were injured.
